Types of MFH Units

- The types of units are just a few of the quarters the Housing Office offers to authorized members. Upon arrival, report to the Housing Office, building 217, Kadena AB, and activate your name on the waiting list. Please realize that there is no guarantee as to the type of quarters you will assigned to. Also, due to the numerous styles of government housing on Okinawa, floor plans should only be used as an estimate of available space. The Housing Counselors will be able to provide you with more pictures of other units that are within your rank and bedroom entitlement.
